

NEUJAHRSSYMPOSIUM 2011 – PROGRAM

Thursday, January 13th, OC seminar room, 6th floor

16:00–18:00 Time to Affix the Posters
Poster Party with “Brezeln & Bier”

Friday, January 14th, OC seminar room, 6th floor

- 8:30 Opening remarks by Prof. Dr. Carsten Bolm
- 8:45 Lecture by Dr. Mazen Es-Sayed
(Bayer CropScience)
“Synthesis and optimization of Belactosins”
- 9:40 Short presentation by Dipl.-Chem. Crispin Lichtenberg
(AK Okuda)
*“Cationic, neutral and anionic aluminum allyl compounds:
Synthesis, characterization, and reactivity”*
- 9:55 Poster session and coffee break
- 10:20 Lecture by Prof. Dr. Matthias Driess
(Technische Universität Berlin)
“Metal-free activation of small molecules based on divalent silicon”
- 11:15 Lecture by Prof. Dr. Stefan Hecht
(Humboldt-Universität Berlin)
“Switching and stitching of molecules: From solution to surface confinement”
- 12:10 Lunch break at “Vielharmonie”
- 14:30 Short presentation by Prof. Dr. Regina Palkovits
(ITMC, RWTH Aachen)
*“Valorization of cellulose – tailored solvents, catalyst development and
reaction systems”*
- 14:45 Lecture by Prof. Dr. Giulia Licini
(University of Padua)
“Highly symmetric, multidentate ligands for effective and selective catalysis”
- 15:40 Short presentation by Dr. Saeeda Soomro
(CAT Catalytic Center, ITMC)
*“Palladium catalyzed non-alternating copolymerization of ethylene and
carbon monoxide”*
- 15:55 Poster session and coffee break
- 16:20 Short presentation by Dipl.-Chem. Isabelle Thomé
(AK Bolm)
“Efficient Transition-Metal-Free Preparation of Cross-Coupling Products”
- 16:35 Lecture by Prof. Dr. Frank Glorius
(Westfälische Wilhelms-Universität Münster)
“N-Heterocyclic carbenes in catalysis and more: interesting concepts!”
- 17:35 Presentation of the Poster Award
- 17:45 Closing remarks by Prof. Dr. Walter Leitner
